Recycling Workshop

## PLEASE BAG ALL YOUR TRASH

- ✓ Have carts out by 7a.m.
- ✓ Keep bin lids closed
- ✓ Keep carts spaced at least 3 feet apart

## RECYCLE YOUR OLD BATTERIES

Because of the hazardous metals and corrosive materials that batteries contain, California classifies batteries as hazardous waste and bans them from solid waste landfills. When improperly discarded, batteries pose serious fire, health and safety hazards that disrupt our waste stream and poison our environment.

## RENT-A-BIN

*Remodeling your house, moving  
or doing some spring cleaning?*

From family homes to industrial facilities Emadco offers rent-a-bins with prompt delivery and pick-up.

**Emadco has the  
right bin for you!**

A 2 week rental period is included with every rent-a-bin so you can complete your project without hurrying and the hassle of making several trips to the landfill.
