August 29, 2017

Dear Mr. Smith,

On behalf of the Raymond Community Association, I would like to thank you, your staff, and Emadco, for the truly generous support of our Raymond community, and the Raymond Community Association, for designing, executing, and supervising our first Raymond Community, Bulky Waste Pickup Day, held in our Raymond Community Park on June 24, 2017.

This community event had a tremendous turnout of Raymond residents, and was truly beneficial to everyone who participated. The additional value you provided to us, with the expert supervision of the event by Phyllis Myers, helped to ensure that the event was carried out to Emadco's specific requirements, including the valuable recycling effort that we were able to also encourage with the Raymond residents.

Because of your outstanding effort, you helped enable our entire Raymond Community to bond together, neighbor helping neighbor, to ensure that everyone was served well, by this excellent community event.

We are genuinely grateful for Emadco's support.

Sincerely,

Susan Larsen  
President, Raymond Community Association
